PLANE TO BE USED BY LT. COMR DAVIS TAKEN TO FIELD

Giant Pathfinder Passes Down
Highway Today Enroute
To Flying Field

TRAFFIC IS REGULATED

Craft Built at Plant of Key-
stone Aircraft Corpora-
tion, Here

At noon today the giant path-
finder, built at the plant of the Key-
stone Aircraft Corporation here, which
will be used by Lieutenant Com-
mander Noel Davis in a flight across
the Atlantic, passed down the high-
way on the way to the flying field in
Bristol Township.

Traffic was stopped for a distance
of one block ahead of the large craft,
in order to enable the ship to pass
along the thoroughfare in safety.
Sergeant of Police Connors acting as
an escort.

It presented a splendid appearance
as it moved through Bristol, the
cream-colored craft being finished
with narrow stripes of maroon. In
two places on each side of the air-
plane there are painted two American
flags, which are crossed. Near these
bits of color on either side of the ma-
chine, there have been painted in blue
the words "American Legion."

Bristol will feel proud when Lieut-
enant Davis hops off on his flight
from New York to Paris to partici-
pate in the American Legion Con-
vention to be held next summer in Paris,
a distance of 3599 miles, in this plane,
which was built under the direct
supervision of Edgar N. Gott, president
of the Keystone Aircraft Corpora-
tion.

The pathfinder will carry 1500
gallons of gasoline and 100 gallons of
oil, a two-man crew, pilot and naviga-
tor, with other sundry equipment
which will make an approximate to-
tal weight of 16,000 pounds.

The wing area of this plane is 1150
square feet.

It is interesting to note that the
largest and heaviest birds do not
carry over one pound per square foot
of wing area; most birds being loaded
at about one half to three quarters
per square foot.

Ingenuous man has made a mechan-
ical bird that carries over fourteen
times as much weight per square foot
of wing area as the largest and most
powerful birds, such as the famed
condor and eagle.

The pathfinder has three large
Wright motors of 225 horsepower
each and is equipped with a standard
steel propeller, three auxiliary wing
tanks that will carry five hundred
gallons of gasoline in reserve.

The navigator's room has the most
modern equipment carried in such a
plane, a radio set and a desk contain-
ing navigation charts, instruments,
etc.

THOMPSON IS ELECTED MAYOR OF CHICAGO

Complete Returns Show Dem-
ocratic Opponent Lost By
83,072 Plurality

ROBERTSON IS THIRD

CHICAGO, Apr. 6.—William Hale
Thompson, Republican, will be the
next mayor of Chicago. Complete re-
turns today show that he won over
his Democratic opponent, Mayor Wil-
liam E. Dever, in yesterday's bitterly
contested election by a plurality of
83,072 votes.

Dr. John Dill Robertson, former
seaman commissioner, who ran on an
independent Republican ticket, fin-
ished a poor third. Thompson's total
vote—512,710—was more than the
vote of Dever and Robertson com-
bined. Dever polled a total of 429,668
votes and Robertson 51,209.

The election in the main was quiet.
Threatened bloodshed and rioting on
a large scale failed to materialize.
There were the usual shootings and
sluggings, without which no Chicago
election is complete, but general rioting
as anticipated by city and county
authorities, did not even threaten.

Several reasons were advanced for
the unusual calm that pervaded the
voting places. The police were better
organized than they had ever been be-
fore. Back of them stood the threat
of the National Guard.

"The gangsters knew," one high po-
lice official pointed out, "that they
would be shown no quarter." He said
he believed the fatal shooting of Vin-
cent Drucci, a powerful gang leader,
by a police officer the day before elec-
tion, was an excellent object lesson
to gangland.

Nearly a million votes were cast—
953,617 to be exact. This total was
the largest by more than 200,000 ever
polled in a Chicago municipal elec-
tion. It represented 87 per cent. of
the registration.

Mr. Thompson was twice mayor of
Chicago, serving from 1915 to 1923.
His return to power, after the bitter-
est campaign in the history of Chi-
cago, was widely celebrated over the
city.

The hilarity began shortly after 6
o'clock last night when it appeared
certain that Thompson had been elected.
They were still whooping it up to-
day. In the first ecstasy of victory,
Thompson's supporters paraded loop
streets shouting "Thompson for Presi-
dent!" Automobile horns and sirens
kept up a continual howl through the
night.

The celebrating was all good na-
tured, it appeared, no serious clashes
being reported to police. In fact the
old town that a few hours before had
quaked in fear of a race riot, was
declared "quite safe" at midnight and
all emergency bureau squads were
ordered off duty.

As soon as he learned definitely
that he had won, Thompson gave out
the following statement:

"I shall continue to work for the
best interests of Chicago, for the
Lakes to the Gulf waterway and for
suppression of major crimes.

"No future draft for American boys
and no joining a league of nations or
world's court, especially with the cov-
enant which provides an equal vote
of all nations, by which they could
call the roll and cancel our loans.
The people of America would have to
pay them."

Mayor Dever commented as follows:
"I am perfectly satisfied now that
the people have made their choice. I
made the best fight possible under the
circumstances, and I hope that all is
well with this fine city."

Thompson's election was hailed in
Republican quarters as a party vic-
tory with wide national significance.
Governor Len Small, Senator Charles
S. Deneen and other prominent Repub-
lican leaders, formerly at odds with the
Thompson faction, came to his sup-
port on the eve of the election.

These leaders feared the election of
Dever would strengthen the position
of George E. Brennan, Democratic boss
of Illinois, and a supporter of Gov-
ernor Al Smith for the Democratic
nomination in 1928.

DR. HOWARD PURSELL RETIRES. FOLLOWING CAREER OF 58 YEARS. AS PHYSICIAN AND PHARMACIST

Commenced Practice of Medicine and Dispensing of Drugs In
Bristol in 1869 — Tells of Difference in Mill Street's
Appearance Then and Now

BRISTOL'S veteran medical prac-
titioner and druggist, Dr. Howard
Pursell, has relinquished his place of
business at Mill and Cedar streets,
having sold his complete line of
drugs and medical appliances to sev-
eral of the local druggists.

For a period of 58 years this well-
known individual has dispensed drugs,
and in former years answered many
calls from all citizens from his
business stand.

The well-known drug store was a
land-mark to both old and young, and
in front of the establishment there is
still to be seen a stepping-stone
placed there by Dr. Pursell for the
convenience of his customers as they
alighted from their carriages more
than half a century ago.

With the passing of this business,
Bristol loses one of the foremost
drug stores in this section, the line
of medicine and appliances carried
here being most complete.

Dr. Pursell has disposed of his
stock of poisons, glass, etc., and in-
tends to rent the building at a later
date.

Born in Bridgeton Township, Bucks
County, in 1847, he commenced his
business career at the age of 16 in
the city of Philadelphia. While work-
ing in a pharmacy there, he likewise
found time to attend a course of lec-
tures at the University of Pennsyl-
vania. In 1865 he went to New York
City, remaining for two years. There
he was likewise employed by a drug-
gist and pursued his studies at the
University of the City of New York,
graduating as a doctor of medicine in
1867.

From New York he went to McKean
County, Pa., there to practice medi-
cine.

Coming to Bristol in 1869, he open-
ed for trade the drug store located at
Mill and Cedar streets, on May 31st
of that year. Prior to occupation of
the building by Dr. Pursell, the struc-
ture was used as an ice cream salon.

For many years he practiced medi-
cine, as well as dispensed drugs, an-
swering hundreds of calls from nu-
merous patients. During his business
career, practically all the work was
done by Dr. Pursell personally, only
one clerk being employed to assist.
For a few years his brother, the late
Stacey B. Pursell, acted as assistant.

In reminiscing over his first few
years in Bristol, this veteran doctor
told of the complete change in the
appearance of Mill street: "There
were many more shade trees than
now, and several hitching-posts and

stepping-stones were to be seen in
those days. Half the buildings on
Mill street were residences; but there
were a great many saloons, also."

In telling of other drug stores lo-
cated here at that time, it was learned
that there were two, one owned by
Lewis A. Hozquet, situated where
Wright's Pharmacy is now; and the
other was under the proprietorship of
Charles H. Wevill, and stood at about
the middle of the 300 block on the
east side of Mill street. According to
Dr. Pursell the line of goods carried
by a druggist at that time differed
much from what it is today. Practi-
cally the only things sold beside
drugs were paints and surgical ap-
pliances. "Few soda fountains were
in evidence in a place where drugs
were dispensed then," he added.

There were likewise only three
medical doctors in the town beside
Dr. Pursell when he located here,
namely: Drs. Evan J. Groom, Lewis
A. Rousseau and John Ward.

"One of my oldest friends in the
drug business has passed away dur-
ing this year," the doctor continued
in an interview today. "When I first
set up in business here, I purchased
my entire first stock of drugs from
L. U. Bean & Company, wholesale
druggists of Philadelphia, and for
years after I patronized them to a
certain extent. L. U. Bean, who often
visited Bristol, died a few months
ago."

While speaking of the new business
enterprises in Bristol's main business
section, he remarked "No one en-
gaged in business on Mill street when
I came here is conducting an estab-
lishment there today."

This man, long experienced in his
special line, is the oldest member in
point of membership of the Bucks
County Medical Society. He is the
oldest member of Bristol Lodge, No.
25, F. and A. M.

For a period of 29 years, starting
from the time of its inception, he was
president of the local Board of
Health, and then its secretary. Dr.
Pursell was one of the number who
assisted in the formation of the Bris-
tol Cemetery Company, and was one
of the original buyers of the farm,
purchased for use as a graveyard. He
acted as secretary of the cemetery
company until stricken ill last De-
cember.

Among the numerous enterprises in
which Dr. Pursell was interested was
the Bristol Gas Light Company, of
which he was a director for 29 years.
He is also treasurer of the Presby-
terian Church.

COUNTY TO ERECT HOUSES FOR COUNTY HOME HELP

Double Dwelling To Be Built
On Grounds of The
County Home

SETTLEMENTS MADE

DOYLESTOWN, Apr. 6.—In session
yesterday the Bucks County Commis-
sioners directed that bids be adver-
tised for the erection of a double
dwelling house to be erected on the
grounds of the Bucks County Home to
furnish proper living quarters for
farm help and those who may be em-
ployed to take care of the inmates of
the home.

This action follows the suggestion
made some time ago by the Board of
Poor Directors of the county. It was
pointed out that it is difficult to secure
the proper farm help to carry out the
farm operations without first provid-
ing suitable living quarters for the
families. Bids for the new dwelling
will be received and the contract
awarded on Wednesday, April 27.
Plans and specifications are being
drawn by A. Oscar Martin, of Doyle-
stown, and the erection of the new
house will be under his supervision.

Settlement was also made yesterday
with four property owners living
along the new road known as the
"short cut" off the Bethlehem pike
from Quakertown to Coopersburg.

Agreements were signed yesterday
for the erection of four new county
bridges, bids for which were opened
last week. The bridges are located in
West Rockhill, Bridgeton, Bucking-
ham and Warwick townships. Work
will start at once on the new struc-
tures.

Allen VanSant was appointed as-
sessor of South Langhorne to fill the
vacancy left by the death of J. J.
Bispham. Charles H. Gerhart was ap-
pointed assessor of Telford to fill the

trict committee of the Boy Scouts of
America was formed yesterday after-
noon at a meeting held at District

The recent drive for funds for boys'
work in Doylestown was the success
that many predicted it would be.

district committee was authorized to
turn over to the Boys' Brigade of
Doylestown, the one-fourth portion of
the money raised for the use of the
Brigade and to turn over the balance
to the treasurer of the County Scout
Council next Monday night at a meet-
ing to be held in the Court House
here, at 8 o'clock, when permanent
organization of the County Council
will take place. During the next few
days, it has been learned, a few more
contributions to the boys' work drive
will be made.

Six representatives of the Doyle-
stown district who will serve in the
County Council of fifty men were
elected as follows yesterday: Thomas
Ross, chairman of the district, Wil-
liam H. Satterthwaite, Jr., M. S.
Cogan, Lewis H. Gerlach, Walter

WOMEN VOTERS' LEAGUE HEARS OF LEGISLATION

Mrs. Edwin E. Yarnall, Of
Swarthmore, Makes An
Interesting Address

COMPLIMENTS LEAGUE

Favorable comments were heard on
all sides at the conclusion of an
admirable talk in regards to the
Pennsylvania State Legislature and
its functions given by Mrs. Edwin E.
Yarnall, of Swarthmore, yesterday.
The occasion was the monthly ses-
sion of the Bristol League of Women
Voters, the meeting being held at the
residence of Mrs. John A. Moyer,
Bristol Pike.

The speaker, who has on numerous
occasions visited the Bristol organ-
ization, told in her inimitable man-
ner of the major bills that have been
before the Legislature, with ease and
familiarity going over the many de-
tails surrounding each piece of leg-
islation mentioned.

The first portion of her enlighten-
ing address was taken up with an
account of a recent visit to Hartford,
Conn., and of a fight staged there by
the League to endeavor to put through
a bill making possible unrestricted
jury duty for women of that Common-
wealth. At one session of said con-
vention, last month, Mrs. Yarnall had
the privilege of addressing the as-
semblage of over 500, and told how
women are participating in jury ser-
vice in Pennsylvania. She made a plea
that men of political prominence dis-
tance themselves "of all prejudice and
look at the question from the right
angle," likewise stating that "We got
suffrage because it is our inherent
right, and therefore the women of
Connecticut should have the inherent
right and the privilege of serving on
juries." It was pointed out at yester-
day's meeting that about 34 states of
the union have unrestricted jury
service for women.

Two bills of major importance that
were given discussion were the tax
and election bills. Mrs. Yarnall spoke
of the investigation made by the tax
commission, mentioning that much of
the data was made possible of collec-
tion by the League of Women Voters.
The main purpose of the proposed bill
was to reduce and systematize the
cost of tax collection.

In an effort to make more honest
elections possible the League advo-
cated certain clauses which they
wished stressed in the election bill
placed before the legislature. Stating
that all had not been accomplished
that was desired in connection with
said bill, Mrs. Yarnall said the League
should nevertheless be glad for what
ground had been gained. "We haven't
gotten all we fought for, but at least
we have gone a step ahead. We should
be glad for what we have gained."

The clause making it possible upon
request that ballot boxes be opened
because of alleged fraud or error, was
reverted, and to the disappointment of
those interested in such wording, the
word "error" was omitted; and it was
specified that the three people making
the request must be residents of the
ward in which the mode of election
was attacked. It was recalled that the
word "error" was originally written; and
when the bill was put up for passage
it was seen it had been tampered
with" continued the speaker. "But I
am sure Governor Fisher supported
the word 'error' was reinserted as
specified. It should have gone through
with its original features as sponsored
by the Governor."

For a few minutes Mrs. Yarnall
dwelt upon a number of smaller bills
when questions were brought up con-
cerning same, and expressed her
pleasure over the attitude being taken
in regard to legislation throughout
Pennsylvania, by the many news-
papers.

At the conclusion of the talk, re-
freshments were served by the hospi-
tality committee of the League.

The card party, which it has been
planned to stage for the benefit of the
Bristol League, will take place on
Wednesday, April 20th. Mrs. H. Doyle
Webb is chairman of the committee in
charge of same.

TRI-COUNTY LEAGUE PLANS ACTIVE SEASON

Meeting Held at South Lang-
horne And Plans Are
Formed

EXPECT BIG SEASON

SOUTH LANGHORNE, Apr. 6.—
Thursday night, several hundred en-
thusiastic, representatives and man-
agers of the various teams composing
Tri-County Twilight Baseball League,
met in the spacious hall of the South
Langhorne Fire Company. Rules for
the coming season, which is in two
halves, first half to start May 3rd,
were considered. Each team is al-
lowed 18 men. President Heppie and
Secretary Arthur Whitney were re-
elected.

The League was very successful
last season, except in publicity, which
they will try to improve on this
season. Among the players last season
was "Cy" Morgan, of Haboro, who
went south with the Phillies this
spring, and several others who have
gone to larger leagues. South Lang-
horne has signed Johnny Good, who
several years ago was with the St.
Louis Cardinals for a short time.

The caliber of the League this year
promises to be faster than last season
and may get a higher standing than
several older leagues in this vicinity.
Southampton, the winners of last
year's pennant, and always a very
good baseball team, is more enthusi-
astic than ever.

Bethayres, a new comer this season,
promises to have a fast team which
they feel sure will be supported by
Bethayres, as were the great teams
which represented that town in the
past. The Langhorne team which
finished second in both halves, has
signed some new players which they
feel sure will enable them to get to
the top this season.

The high school grounds on which
they play, are being renovated by the
local school board for the coming
season. Langhorne club is a very stable
organization, as they are very active
during the off season. This team is
well supported and consists mainly
of former Langhorne High stars.
Langhorne shared with Byberry the
largest attendance last season.

The Byberry team is also one of the
good teams of the League, and was
represented at the meeting, and is
undecided whether to play league or
independent this season, but indica-
tions point to its being with the
Tri-County League again.

Ira Thomas, coach of the Athletics
and a resident of near Bustleton,
is expected to attend the meeting at By-
berry. The Byberry club has extended
an invitation to this former star
receiver, and feels sure he will be
present.

South Langhorne, one of the fastest
growing towns in Bucks County,
promises to place a fast team on the
field under the experienced manage-
ment of Carly Campbell. This club is
well organized financially and expects
the future support of the community.
A new field has been secured along
the Lincoln Highway, east of the
town, on which Sunday exhibition
games with the leading semi-pro
teams are to be played, as well as the
league game on Tuesday and Thurs-
day evenings.

The umpire question was discussed
at great length by the various man-
agers and this question was placed
on the table for the Byberry meet-
ing. The League which was composed
of six (6) clubs last year may be in-
creased to eight this season. Repre-
sentatives are expected at the meet-
ing from Trevose, Newtown, Somerton
and probably Bristol and Hulmeville.

town, N. J., was an overnight guest

SEVERAL TEACHERS TO LEAVE SCHOOLS AT END OF TERM

A Number Have Not Asked
For Renewal of Their
Contracts

THE ROUTINE BUSINESS

Board Authorizes Property
Committee to Rim High
School Track

There is to be a number of changes
in the teaching staff of the Bristol
public schools, according to a report
made to the School Board, last night,
at the regular monthly meeting held
in Wood street school.

Among the changes thus far an-
nounced will be the following:

Jefferson avenue building—Miss
Plum and Miss Longnecker are both
leaving; high school building—Miss
Fredericks, Mr. Schaffer; Wood street
building—Miss Ham. Bath street
building—Miss Endicott, Miss High-
land and Miss Wolf did not apply for
a renewal of their contracts.

Considerable routine business was
transacted at a meeting of the school
board last night. Treasurer's report
was read, received and upon motion
ordered spread upon the minutes.

Treasurer Metzger reported that he
was investigating the matter of in-
surance upon all of the school build-
ings and would report at a later
meeting.

Mrs. David O. Taylor and Mrs. Asa
Fabian, reported having visited a num-
ber of the rooms and of having ob-
served the schools in session.

Dr. William C. LeCompte requested
authority of the board to have the
track on the high school athletic field
rimmed, so as to prevent the cinders
spreading. He was authorized to
have the work done at once.

Doron Green, president of board,
reported that there was a grandstand
in basement of Bath street building
which might be placed upon the high
school campus. The matter was held
under advisement to see if it was
suitable.

VANDALS EVER

Spring means blossoms and greens, blossoms and greens mean pickers, pickers, mean vandals.

There is a well-defined distinction drawn between the "picker" and the vandal. And there is no better time than the present to call public attention to that difference.

Since woodland, hill and field were brought within the reach of all by the automobile, the spring flower has about as much chance of dying over its own roots as a farm bill has of becoming law.

Just as soon as the wild blooms and greens burst through their winter covering of dead leaves and snow the pack is upon them. Some pluck a boutonniere, others transplant a fern or diminutive conifer, and are content to worship the rest in their native temples. They are the pickers.

The vandal of the springtime is he or she who picks for the sake of picking. This type concerns itself not about conserving the plants so they may bloom again next year, and forgets there are other people to whom a field or forest carpeted with tender flowers and greens is a thing too beautiful to destroy or mar. When the vandal is in the field up come the precious roots and away go the flowers, trampled under foot or thrown into the car to die of thirst and the heat before they can reach the vase on the dining room table.

None is to be censured for loving the wild flower, but some are too violent in their love. True love never destroys. And what right has anyone to monopolize these idols nature has provided for human worship?

Those who go in search of wild flowers should remember there are no longer enough to go around and that when they pluck and pull they are robbing nature of her beauty, which is her gift to all mankind.

SPRING PHENOMENA

This is the time of the year when a certain percentage of the male population of cities (never reduced to a mathematical certainty) consider buying farms. Scientific research has never concerned itself with the causes which lead so many men who have made a place for themselves in urban competition to turn in the days of their success to wistful consideration of the possibility of making themselves over into agriculturists.

Perhaps it is the spirit of adventure; the same anticipatory zest in the unknown which leads a Livingstone to Africa and a Byrd to the North Pole. Or perhaps it is heredity which turns the modern business man back to the occupation which certain remote cells in his system tell him has belonged to the race for many centuries. Or he may come by it more directly through being the son of a farmer, the kind of son who in his youth slides from the old man's job and in later years flies back to it—for play or for profit, or for both.

Whatever may be the biological origin of the city man's impulse to fill the soil, the fact remains that an uncommon lot of people, both men and women, annoy themselves in the spring time by dreaming of a personally-conducted back to the land movement. The truth probably is that suburban property was expressly invented to enable the city man to get the agricultural bug out of his system without tossing up his perfectly good city job.

Mr. William Wilkie, Jr., who has been in the U. S. Navy three years, was stationed at naval station, San Diego, California. He has just been transferred recently to the Atlantic squadron, "U. S. Eagle 35." After coming through the Panama Canal their ship was stationed at Haiti and upon arriving there he learned that his brother, Charles Wilkie, who has been in the Eastern or Atlantic squadron for a year, was near at hand, so he sent out a wireless message in-

quiring about the location of his brother, Charles.

The wireless was picked up by the "U. S. S. Dobbin," the ship which Charles Wilkie is stationed on and he answered his brother, William's, call, stating that his ship was four miles further out at sea so William inquired of the captain of the ship for a leave to visit his brother and was granted a feat which is seldom granted in the Navy. He went by motor dory out to the U. S. S. Dobbin and the two brothers had a five hour chat together. Mr. William Wilkie, Jr., expects to come north in the near future for a leave of absence, the first for almost three years.

THE MERCHANTS HERE--

A CIVIC DUTY--

It is a civic duty owed to the community to buy in our home town. Local merchants support Bristol and its activities and in turn they deserve to be supported.

VARIETY OF STOCKS--

Often times it is the complaint of the shopper who goes out of town to buy that local stores do not carry the assortment or the grade of stock which is desirable. Any wide-awake merchant will stock his shelves with that class of merchandise that is demanded. That is only good business.

PRICES ARE LOWER--

This is another excuse which is often given by those who go out of Bristol to shop. It is reasonable to suppose that merchants here are not making any larger profits than those engaged in business in the cities. Overhead expenses in Bristol are sure to be lower than those in the high rent districts of the large cities.

What's New On Boat House Row

Navy Day, the American
Henley, the Child's Cup
Races, and the People's Day
Regattas will be
held on the Schuylkill,
regarded by oarsmen as
the best course in the
world.

U. of P. this year faces
every major crew in the east,
and is getting ready for the
Intercollegiate races at
Poughkeepsie.

The pick of Philadelphia's
oarsmen will be sent to the
Canadian Henley and the Na-
tional Regattas, and the Club
houses are buzzing with activity
and speculation as to what the
season will bring forth.

Rowing enthusiasts have long
regarded the news reports and
intimate gossip of the oarsmen
as printed in The Bulletin a sure
guide to keeping posted on this
out-door sport that is growing
more popular each season.
